INSTRUCTIONS FOR APPLYING TO A TRUCKBED

STEP 1 CLEAN

Pressure wash and clean with **SEM Solve** or **Zero VOC Surface Cleaner**.

STEP 2 PREP

If rust is present, grind until all rust is removed.

Sand bed with 180 – 220 grit paper or a bed brush per manufacturer's instructions.

Prime bare metal or aluminum with **World Class™ DTM Primer**.

Sand the primer with 180 – 220 grit paper.

Blow off dust and tack clean.

STEP 3 APPLY

Refer to the Tech Data Sheet for mixing instructions.

Spray 2 – 3 light coats of **Rock-It Liner**. The first coat should not achieve full coverage and subsequent coats should be applied in the same manner.
