77743 XXX GUN CLEANER

is for your solvent based cleaning needs!

SEM[®] 77753 XXX WATERBORNE GUN CLEANER

77753 XXX WATERBORNE GUN CLEANER is a cleaning solvent designed to remove waterbased coatings from spray guns and equipment.

Shake can lightly before use. For best results, use only when can temperature is approximately 70°F (21°C).

Attach included wand to spray tip for precise cleaning. Spray directly onto equipment until coating is removed, and wipe or spray into fluid passage while trigger is open. A light foaming of **77753** is normal and will dissipate.
